

Manitoba Cyclocross #1

presented by the Olympia Cycling Club

Thanks and Appreciations:

Commissaires: Arlene Woodcock, Colin Antaya
Medic: Paul Oullette

Huge huge thanks to Dave Dorning, Leanne Friesen, Seema Sani, Chris Ashley, Cam McLaren, Ron Kaulins, Scott Wiebe, Deanna Wiebe, and Dan Lockery for the course set up and tear down – their help was greatly appreciated; and many thanks to Laura Loewen, who once again played the role of the long suffering organizer's spouse so well and helped with the race preparations, registrations, and the lap counts.

Prizes: Sorry they were not distributed at the race; they will be handed out at the next race or mailed this week.

Summary: Way too hot for a 'cross race, but this summer we'll take any nice and warm days we can get. The course was long, narrow, and flat. The terrain was made up of mostly grass with soft earth beneath, dirt paths, some soul-sucking mud sections, pavement, and woodchips. A definite power riders course with long straightaways and a few zig zags which makes one wonder what the organizer was thinking considering he was on a singlespeed which favours a more technical course.
